The Commonwealth of Massachusetts

**In the One Hundred and Ninetieth General Court
(2017-2018)**

An Act reducing plastic bag pollution.

Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:

1 SECTION 1. The General Laws are hereby amended by inserting after chapter 21O the
2 following chapter:

3 CHAPTER 21P.

4 PLASTIC BAG REDUCTION.

5 Section 1. As used in this chapter, the following words shall have the following meanings
6 unless the context clearly requires otherwise:

7 “Postconsumer recycled material”, a material that would otherwise be destined for solid
8 waste disposal, having completed its intended end use and product life cycle. Postconsumer
9 recycled material does not include materials and byproducts generated from, and commonly
10 reused within, an original manufacturing and fabrication process.

11 “Recycled paper bag”, a paper bag that is (i) 100 per cent recyclable; (ii) contains a
12 minimum of 40 per cent postconsumer recycled materials, provided, however, that an 8 pound or
13 smaller recycled paper bag shall contain a minimum of 20 per cent postconsumer recycled
14 material; and (iii) displays the words "Recyclable" and "made from 40% post-consumer recycled
15 content" or other applicable amount in a visible manner on the outside of the bag.

16 “Reusable grocery bag”, a sewn bag with stitched handles that is (i) specifically designed
17 and manufactured for at least 175 uses; (ii) can carry 25 pounds over a distance of 300 feet; and
18 (iii) is made of cloth or other machine-washable fabric other than polyethylene or polyvinyl
19 chloride.

20 “Single-use carryout bag”, a bag made of plastic, paper, or other material that is provided
21 by a store to a customer at the point of sale and that is not a recycled paper bag or a reusable
22 grocery bag. A single-use carryout bag does not include the following: (i) a bag provided by a
23 pharmacy to a customer purchasing a prescription medication; (ii) a non-handled bag used to
24 protect items from damaging or contaminating other purchased items placed in a recycled paper
25 bag, a reusable grocery bag, or a compostable plastic bag; (iii) a bag provided to contain an
26 unwrapped food item; or (iv) a non-handled bag that is designed to be placed over articles of
27 clothing on a hanger.

28 “Store”, a retail establishment with gross interior space of 3000 square feet or larger,
29 exclusive of stockroom, office, storage and other space ancillary of a publicly accessible space
30 intended to be frequented by consumers, or at least 3 locations under the same ownership or
31 brand name within the commonwealth.

32 Section 2. (a) Except as provided in this section on and after August 1, 2018, a store shall
33 not provide a single-use carryout bag to a customer at the point of sale.

34 (b) From the date of enactment until August 1, 2018, a store may make available for
35 purchase at the point of sale a single-use carryout bag, reusable grocery bag, or recycled paper
36 bag. A store that makes single-use carryout bags, reusable grocery bags, or recycled paper bags
37 available for purchase prior to August 1, 2018 shall not sell the single-use carryout bag, reusable
38 grocery bag, or recycled paper bag for less than \$0.10.

39 (c) On and after August 1, 2018, a store may make available for purchase a recycled
40 paper bag, for a charge of no less than \$0.10.

41 (d) On and after August 1, 2018, a store may make available for purchase a reusable
42 grocery bag, for a charge of no less than \$0.10.

43 (e) All moneys collected pursuant to this section shall be retained by the store.

44 (f) The department of environmental protection shall promulgate regulations with regard
45 to the enforcement of this chapter.

46 Section 3. Nothing in this chapter shall preempt further limitation of single-use carryout
47 bags by any political subdivision of the commonwealth enacted after the enactment of this law;
48 provided, however, that any municipality with an existing ordinance or by-law banning plastic
49 bags shall be exempt from subsection (b) of section 2 of this act.
